## AUGUST 2005

### GALT AIRPORT EVENTS RUNWAY CLOSURES AND CONSTRUCTION PROGRESS

It's summertime and we see construction and maintenance and repair work everywhere – including at Galt Airport. New hangars are nearing completion, a band stand has been built just north of the Chapter 932 hangar and will play to an audience seated on the “natural amphitheater” hillside. Airport owner, Michael Stanard, has plans for three concerts in addition to “Flyers & Tires”. The first is this coming weekend, it's “Hard Landing” on Friday July 29<sup>th</sup> and Saturday the 30<sup>th</sup>. The following is from a letter from Michael and the Airport Staff outlining some of the plans for the rest of the summer. (Boldfacing for emphasis is mine – Ed.)

*The airport and runway will be closed Friday, July 29<sup>th</sup> and Saturday, July 30<sup>th</sup> from 5:00 pm — midnight for the Hard Landing Concerts. We will also be closed from 2:00 pm — approximately 12:30 am on Saturday August 27<sup>th</sup> for the Foreigner Concert. Flyers & Tires will take place August 13<sup>th</sup> & 14<sup>th</sup> this year. Please let us know if you will need any special accommodations during these times.*

*In the way of security, we will be using security guards to park cars and the hangar areas are off limits to any concert related activity. We will be parking staff vehicles in front of the older hangar buildings. We also plan to purchase Master locks that will be keyed the same to further secure any unlocked hangars. We will designate a security guard to police the hangar areas exclusively. We will also hangar all aircraft; none will be left on the ramp. Again, please let us know if you will need any special accommodations or have any special concerns.*

*We will be repaving the entrance road, parking lot, areas in between the hangars, taxiway and the ramp. (Everything but the runway) It will probably happen after Flyers & Tires and we will try to give our hangar tenants at least 1 weeks notice. The job should take about 4 days, so access to your planes will be affected. We will do our best to accommodate you during this process.*

*Michael would like to invite you to attend Hard Landings. ....It should be a fun time for all, great music, food, beer and people! (Tickets available in Airport office – Ed.)*

## JULY MEETING - 2006 CHAPTER 932 EVENTS

The EAA 932 Board of Directors announced the 2006 Chapter program schedule at the July meeting. Composed of “something old and something new” next year's program will be an enjoyable one for everyone interested in aviation.

The traditional chapter favorites such as the Pasta Dinner (2/11), Chili Fest (10/14) and Flyers & Tires (8/12,13) need little introduction. A tentative B-17 visit is scheduled for 3/11. In 2006 we'll also schedule two work weekends at Oshkosh (5/19-21 and 6/23-25) and -- new for this year -- two Saturday Safety Seminars (4/29 and 9/30). We'll also try some local area fly-outs for lunches after certain chapter activities as well as scheduling a Gathering of Vintage Aircraft Picnic (6/17). The safety seminars and the vintage aircraft picnic will be joint efforts of EAA 932 and 10C.

The biggest change in the program schedule concerns the monthly chapter meetings. We'll continue having free coffee at 9:30 prior to each meeting to allow for hangar talk and getting the meetings started promptly at 10:00. At seven of the meetings, we'll be showing an aviation related film. Titles on the schedule include Spitfire (5/12), The History of seaplanes (9/9), Built for Speed (11/11) and Memphis Belle (12/9). Feel free to bring family members or friends to these meetings, as most of the films are truly historic. We'll also have two Young eagles Days (6/10) and (9/9).

So whatever your aviation interest, you probably will find several of the 2006 activities that you won't want to miss. The complete schedule will soon be posted on the chapter web site. (Also printed on the other side of this page – Ed.) Check it out. Then, make sure you circle those “prime time days” on your personal calendar.

### FLYERS & TIRES AUG 13 & 14

This is the high point of the year for Galt Airport and Chapter 932 and as always, we will need the help of every member. Even if you can only make it for part of one day, we will welcome and appreciate your helping out. The first item to be attended to is the **setting up of our tent at 5:30 PM Wednesday, Aug. 10.** If we should get rained out, we'll set up the following day, same time. **Sat. & Sun., Aug 13 & 14, EAA 932 will be operating the main food concession. Volunteers check in there at 10 AM for work assignment.** This is your Chapter's big fund raiser for the year and so far has been quite successful. We'll need help there and also on the flight line parking planes and running the burn outs. Finally, when it's all over we will need some help taking down the tent and stowing our equipment. **Can we count on you?**
